

**THE OFFICIAL NEWSLETTER OF THE NEW JERSEY CHAPTER OF THE
INTERNATIONAL PLASTIC MODEL SOCIETY**

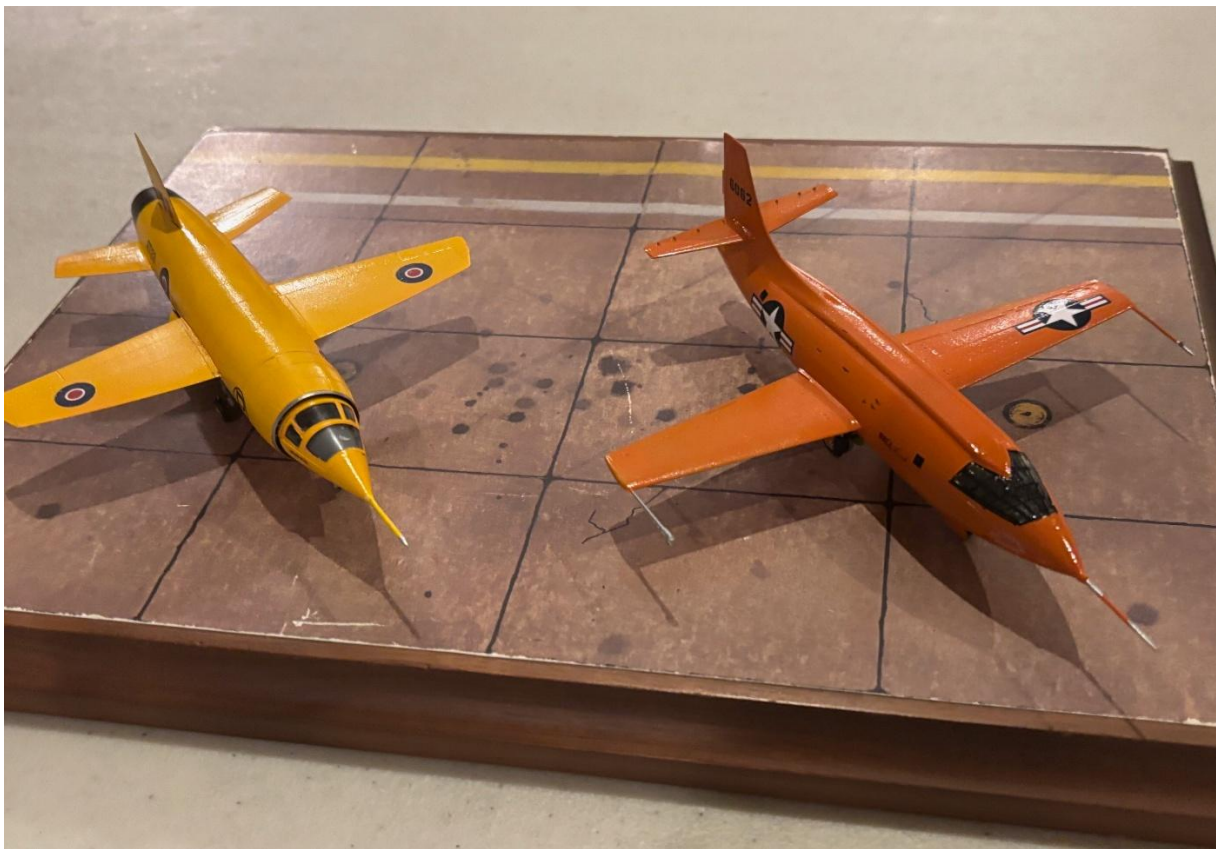

September, 2025

Vol:XXXI, Iss:ix

This is a special edition of the Newsletter. Hopefully I can get all of the pictures from the last two meetings, as well as some from the Nationals.

DON'T FORGET IT'S BBQ NIGHT THIS FRIDAY, SEPTEMBER 12!

These are from July.

From August, Bill Connally brought in a Bell X-1 from Tamiya; and an Aerocraft Wiles W-52,

Both in 1/72 scale. The W-52 is a 3-D print. The W-1 was the British A/C designed to break the sound barrier. It was jet powered (first practical afterburner), Capable of 1,000 mph, it was six months ahead of the X-1. It was cancelled after 95% complete, but the Labour Govt. Shut it down!

Reuven Shapira built Airfix' 1/72 HS 125.

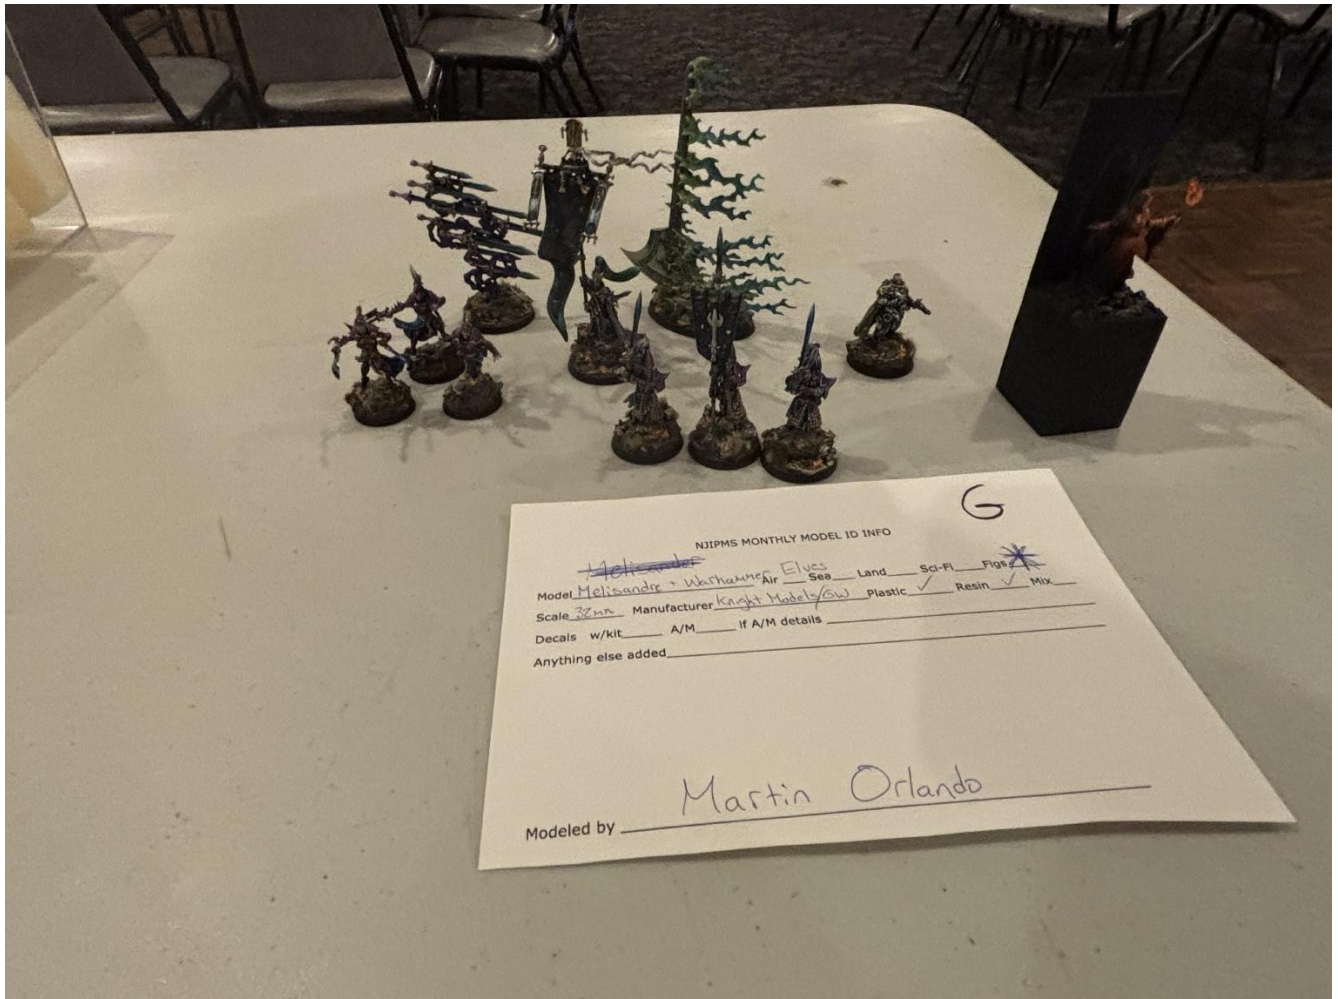

Dr. Simon Vichnevetsy built Airfix' 1/72 B-24J. He really liked the kit, but used rear fins from an Academy kit.

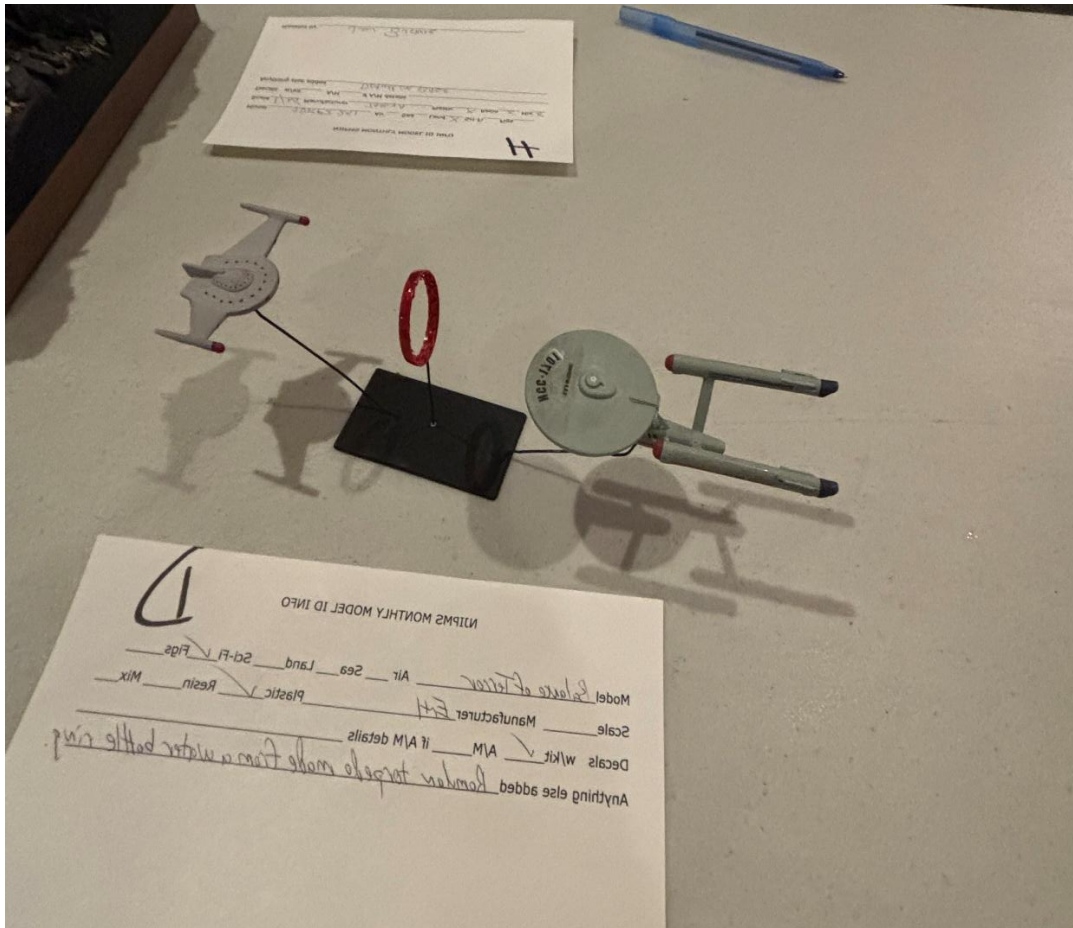

Dae DeNardo built Hobby Boss' Pzkw1 Ausf F.

I'm pretty sure Dave took home a trophy from the Nationals, but I can't remember which place, even though I judged the category! (No names on the new forms at Nationals.)

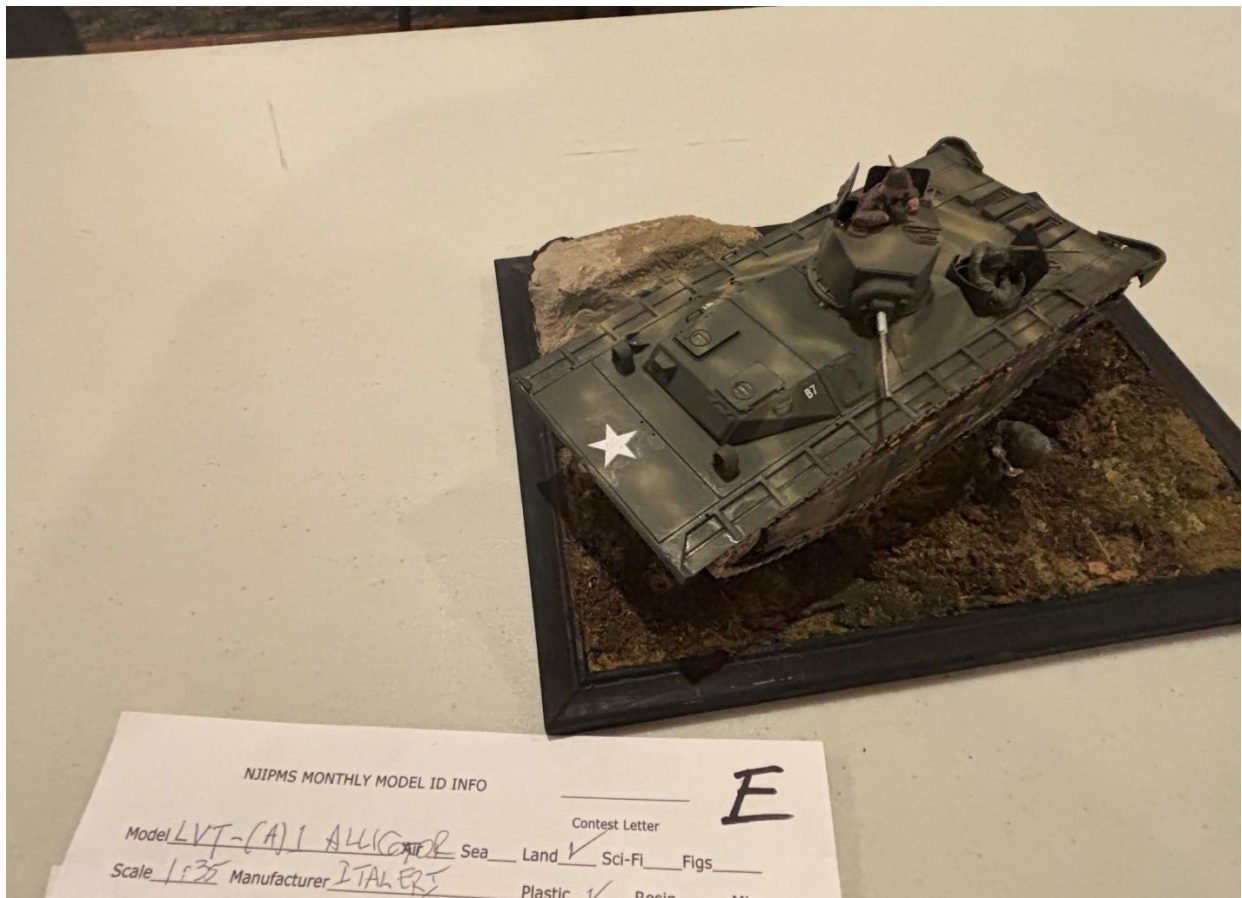

Martin Orlando brought in Knight Models/GW Melisandre and WarHammer Elves in 33 mm sale. It's difficult to get good photos of his figures-need to find a better way.

Matt Giordano called this “Balance of Terror” rom a Star Trek episode. The Romulan Torpedo
Is made from a water bottle ring

Dave Goldman built Airfix' Jaguar SS-100 He added "everything."

Jerry Hughson finished Italeri's 1/35 LVT-A1 Alligator. He added some troopers.

I'm leaving John Bucholz' SDFKZ 251 Diorama on it's side so you can see it better, real nice work here.

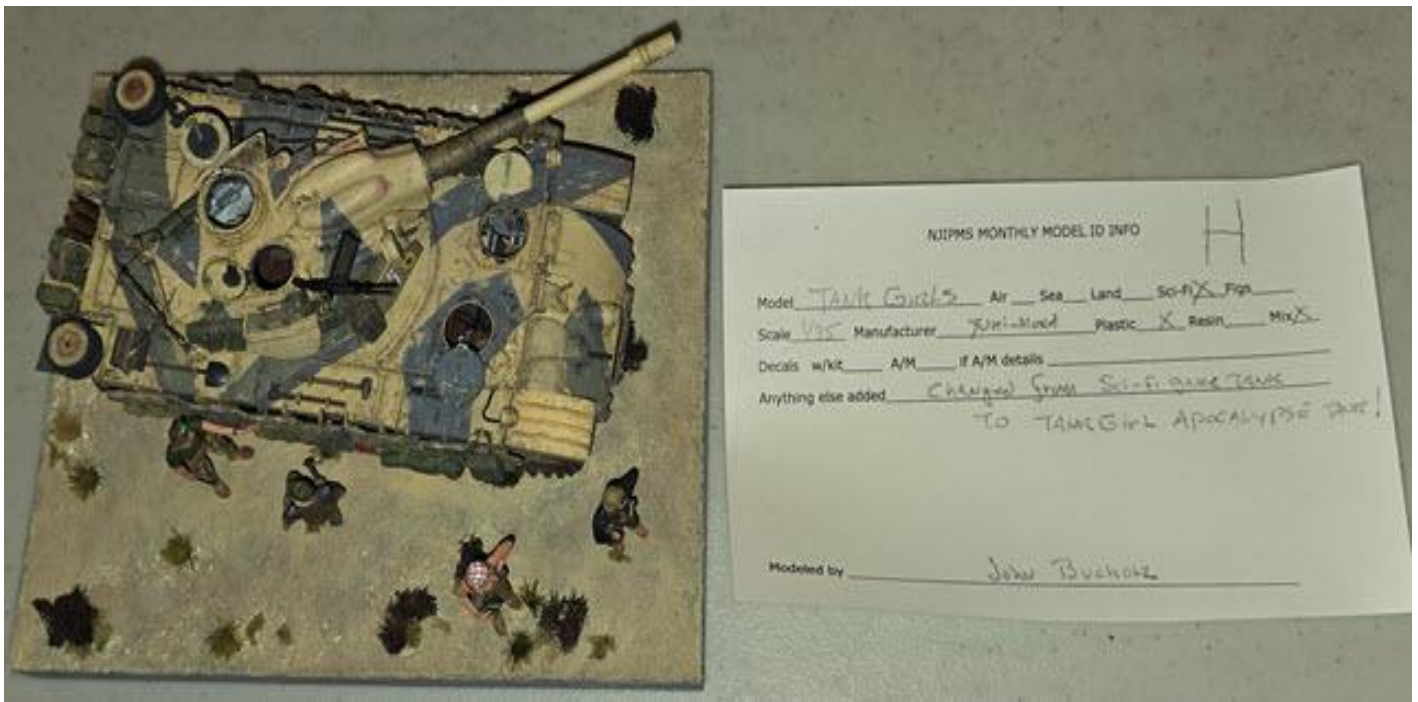

Just a note before we go on. As of now the only way I've figured how to get photos from my phone into word in Windows 11 is to e-mail them to myself, and then copy and paste. I'm sure there is a better way, if anyone knows it, please let me know. Now on to August.

Bill Joel was nice enough to take these photos from August, but I do not have the forms to tell us which is whose.

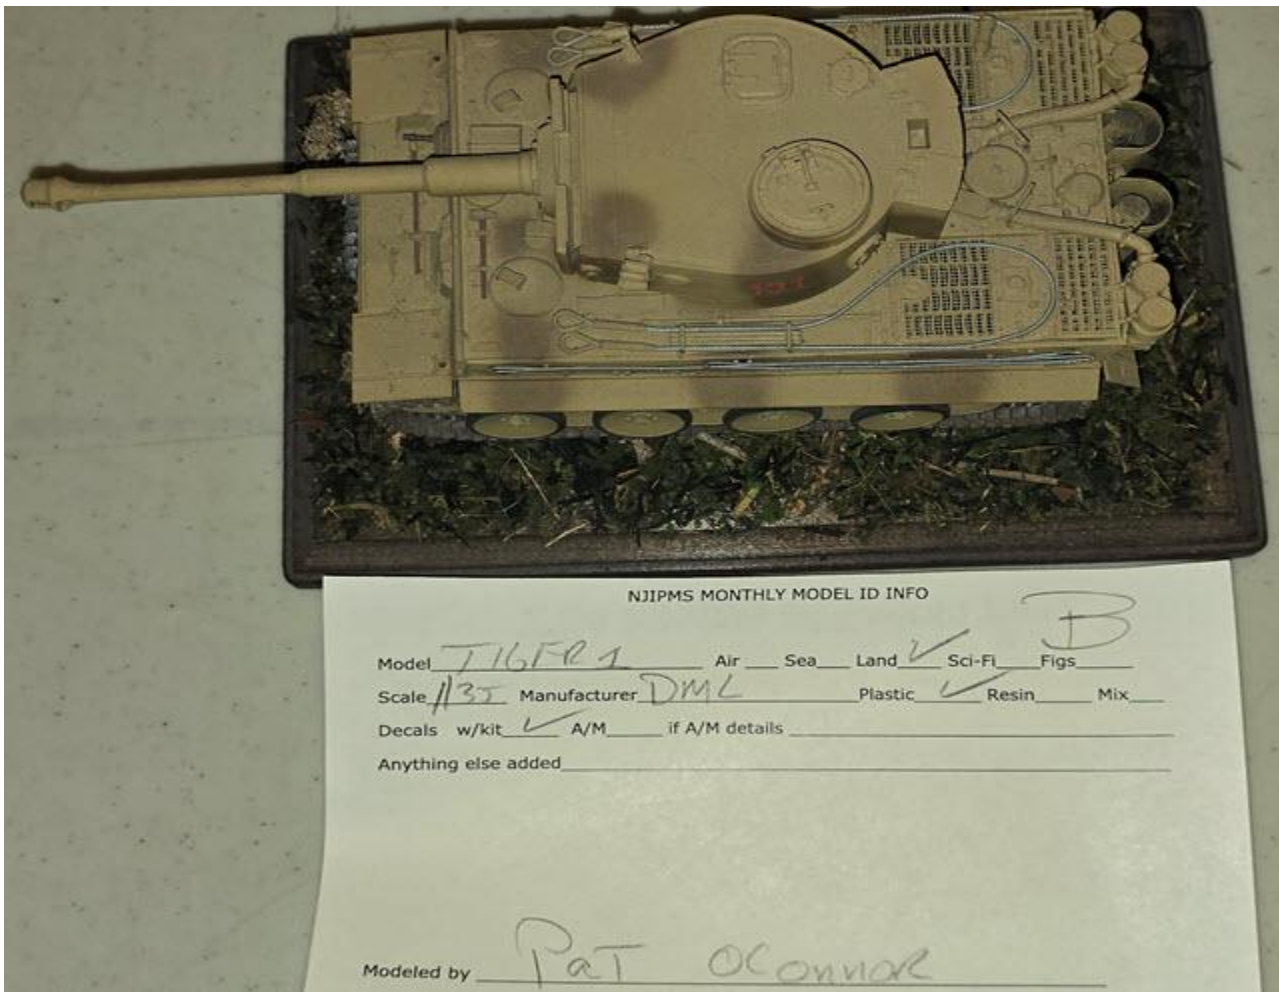

These must be Martin Orlando's.

John Bucholz' "Tank Girls."

A better picture.

Tiger Tank by Patrick O'Connor

Oscar Hernandez- new Member?

Bill Joel-is this a Horton?

PRINTED IN GERMANY

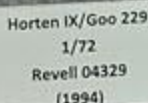

procedimento previsto, la legge prevede espressamente che l'agente non può, al momento di essere sottoposto a interrogatorio, essere informato dell'esistenza dell'incarico di investigazione. In tal caso, però, l'agente deve essere informato del procedimento di cui fa parte. La novità della riforma è che il procedimento di investigazione viene fissato in modo che l'agente non può essere sottoposto a interrogatorio se non è stato informato dell'esistenza dell'incarico di investigazione.

THEORY The approach is to let a structure itself determine its own behavior. The structure is built up from a set of simple elements, and the behavior is determined by the way these elements are connected. The structure is built up from a set of simple elements, and the behavior is determined by the way these elements are connected. The structure is built up from a set of simple elements, and the behavior is determined by the way these elements are connected.

ATTENDOME. I ragazzi abbandonati a se stessi per le pessime condizioni di vita, sono costretti a fuggire dalle loro dimore. Infatti, alcuni di loro sono rimasti a dormire in mezzo ai rifiuti, altri sono stati costretti a dormire in mezzo ai rifiuti, altri sono stati costretti a dormire in mezzo ai rifiuti.

Spécialité : « L'expertise des logiciels de gestion des ressources humaines (GDRH) est une spécialité à part entière. Elle nécessite une connaissance approfondie des logiciels de gestion des ressources humaines (GDRH) et des processus de gestion des ressources humaines (GDRH). Les experts de la GDRH sont des professionnels qui travaillent dans des entreprises de toutes tailles et dans tous les secteurs d'activité. Ils sont responsables de l'analyse, de la conception, de la mise en œuvre et de la maintenance des logiciels de gestion des ressources humaines (GDRH). Ils travaillent en étroite collaboration avec les responsables des ressources humaines (RH) et les utilisateurs des logiciels de gestion des ressources humaines (GDRH). Dave Goldman

I'm pretty sure that's it. If I missed anyone's build please forgive me and send me a photo and some info?

Now some photos I took at the National Convention.

Well that's it. I hope you enjoy the photos. I apologize or all the spaces, but formatting these is not easy.

I'll never win Newsletter of the Year, that's for sure! LOL
